

Jim Masse, the Nursery Manager at Estabrook's, is a self-described rabid plant geek and to his clients a "Garden Guru". Since graduating in 1993 from the horticultural program of what is now SMCC, he has worked extensively in residential gardening, and local nursery sales and service. A native Mainer from the Brunswick area, Jim has lent his knowledge of the Maine landscape and its challenges to many a coastal garden. Always opinionated....with a healthy sense of humor about himself, Jim strives to make your garden your visionnot his.

Besides he wants all the good plants for himself!
