"Heirloom Flower Presses and Pressed Flower Art"

Slide show presentation and demonstration by
Artisan Lynette Breton of Holding Patterns, Harpswell ME

Pictures by Patty Olds: "One day I was visiting my (amazing fine woodworking) friend Lynette and she showed me this beautiful flower press she'd been commissioned to make. I fell in love. I had to have one...."

"As I stood in front of the brilliant petals and leaves, pictures began to appear. I haven't looked at a tree or a garden the same way since."
