Landscaping: from Ordinary to Extraordinary with Outdoor Lighting

Presented by:

Lighting Concepts, a family-owned lighting retailer headquartered in Lewiston, ME

Nathan D. Marcoux, Director of Operations, brings several years of sales and management experience in the technology field to our organization. A Lighting Specialist with the American Lighting Association, Nate is working towards his Certified Lighting Consultant designation.

He holds a degree in **business administration** from the University of Southern Maine. Nate's strength is in blending the many needs of our organization in terms of sales and technology, and in training our staff in systems and procedures.
