

March 17, 2016

Hello Medomak District Garden Clubs:

Ann Vanosdol and her dynamic committee are planning a wonderful Medomak District Annual Meeting to be held at beautiful Point Lookout in Camden on [Monday, May 2.](#)

I sincerely hope you and your club members will attend this annual event, as it brings us together in fellowship with members from our sister clubs that make up the Medomak District: Camden, Wiscasset, Boothbay, Bath and Topsham.

You will have an opportunity to not only enjoy the beautiful, natural surroundings and spectacular water views, but also, to tour the resort's "Farm to Table" gardens.

You will hear an excellent speaker, Jacinda Martinez, who is a garden grower, designer, and educator. She follows a garden-to-table style model that incorporates vegetables, fruit, herbs, and edible flowers.

Please attend to applaud our Certificate of Achievement awards for two members from each Club and learn what other Clubs are doing in the District.

Overall, an outstanding meeting and line up of events are planned for your enjoyment; as well as, the opportunity to share mutual garden and community interests and to support our District with the proceeds from the Raffle and White Elephant Tables. (Please see attachments for complete information and a [fact sheet](#) for Club Presidents.

Please let me know if you have any questions or concerns.

Best,
Vicky Marr
